

# SELIM ALI TATAR

Istanbul, Türkiye | selim.tatar@ozu.edu.tr  
linkedin.com/in/selim-tatar | muzdolabi.com/en/work | github.com/ShadowBoxer228

Technology co-founder and International Finance student building Claude-powered products and a campus startup community. Experienced in client delivery, hands-on AI training and hackathon organization.

## EDUCATION

**Özyeğin University** | B.A. in International Finance Expected May 2027  
GPA: 3.45/4.00 | 100% Performance Scholarship | AI Product Strategy and Management: A  
Exchange study: The University of Texas at Dallas (Jan–May 2026); KEDGE Business School (Aug–Dec 2025);  
Iscte – University Institute of Lisbon (Sep 2024–Feb 2025).

## LEADERSHIP & COMMUNITY EXPERIENCE

**OzU Ventures** | Co-Founder & Co-Lead Jun 2026–Present  
• Co-founded a university-recognized startup club and pre-accelerator; helped recruit a 13-person core organizing team.  
• Developing a semester program of mentorship, market research and prototyping, with hackathons planned every two weeks.

**MUZDOLABI × [Habitat]** | Hackathon Organizer & Mentor Jul 2026  
• Organized a 20-participant AI prototyping sprint at ÖzÜ-X with [Habitat] and Valentin Chocolate; participants presented 8 working demos after a three-hour build session.  
• Led venue coordination, university approvals, outreach and program design; mentored participants on Claude and other AI tools.

**Gitelman Group LLC** | Volunteer Team Lead & Event Volunteer May–Jul 2026  
• Led 7 volunteers at the May 28–29 “Komanda” training; provided microphone assistance and general on-site support at the June and July events.

## PRODUCT & PROFESSIONAL EXPERIENCE

**MUZDOLABI YAZILIM VE TEKNOLOJİ LİMİTED ŞİRKETİ**  
Co-Founder & CTO | Istanbul, Türkiye Jan 2026–Present  
• Co-founded a software company registered in Türkiye; co-lead a 5-person team with 3 direct reports.  
• Delivered 7 commercial digital projects, including Uni4U, Carpe Diem Çiçek and the Kopit Telegram bot.  
• Delivered paid procurement services for Gitelman Group LLC’s “Puls” camp (16–19 Jul 2026).  
• Built and shipped DotsAround on the App Store; integrated Claude Haiku 4.5 via Amazon Bedrock to manage contacts, log interactions and plan follow-ups through chat.  
• Built a Claude-enabled internal knowledge hub so teammates can retrieve company guidance and project context without routing routine questions through the founder.  
• Authored a Claude + Higgsfield guide and trained 7 people in AI-assisted visual content creation; all continue to use the workflow.

**Zarastro Art** | Financial Analyst Jul–Sep 2025  
• Built UK market-entry financial models covering pricing, costs, revenue forecasts and cash-flow scenarios.

## SELECTED PROJECTS & AWARDS

- Selected for Girişim Fabrikası (Fit Startup Factory) venture support at Özyeğin University; received AWS credits for product development.
- Eazy Trading — Honorable Mention, Goldman Sachs Hackathon (May 2026).
- Cognizant Case Study Competition — Finalist (Apr 2026).
- Cropzy — Co-Founder & CTO; Draper Pitch Competition semifinalist (Mar 2026); remote-farming venture.
